SUMMARY

MCA student skilled in data analysis, machine learning, and visualization. Proficient in SQL, Python, Excel, and Power BI with hands-on experience generating insights from structured datasets. Experienced in building predictive models using ML algorithms and applying data processing techniques. Seeking a Data Science Internship to apply analytical, technical, and statistical skills.

EDUCATION

PONDICHERRY UNIVERSITY – MCA | Jul 2024 – Present | Cumulative GPA: 6.9/10
CALICUT UNIVERSITY – BCA | Sep 2020 – Apr 2023 | Cumulative GPA: 6.5/10

SKILLS

Programming & Databases: Python (Pandas, NumPy, Seaborn, Matplotlib), SQL
Analytics & Tools: Power BI, Excel (Power Pivot, Dashboards), Jupyter Notebook, GitHub
Machine Learning: Supervised ML (LR, DT, RF, SVM), Feature Engineering, Model Evaluation (Accuracy, AUC, F1), Cross-Validation, Data Preprocessing
Core Competencies: Data Cleaning, EDA, Data Visualization, Dashboard Development, Statistical Analysis

WORK EXPERIENCE

AVIARANT – Data Science Intern | Remote | Sep 2023 – Mar 2024
• Analyzed a dataset of 20,000 hotel reviews, identifying factors influencing customer ratings.
• Improved rating prediction accuracy by **35%** using Decision Trees and SVM.
• Applied data preprocessing techniques including handling missing values and feature scaling to boost model efficiency.
• Built visualizations in Matplotlib & Seaborn, presenting performance metrics and insights to stakeholders.

PROJECTS

Amazon Product Sales Analysis | Python, Pandas, Seaborn, Matplotlib
- Conducted **EDA on Amazon dataset** to identify sales drivers and customer satisfaction factors.
- Found that **top products maintain 4.0+ ratings** with moderate discounts, while electronics often rely on **>75% discounts** for sales.

Olist E-Commerce Sales Analysis | SQL Server, Excel
- Queried **99,000+ orders** to analyze customer distribution, seller performance, and product revenue.
- Built interactive **Excel dashboard** showing KPIs like monthly revenue trends, top 10 categories, and geographic sales.

Blinkit Sales & Outlet Performance | SQL, Python, Power BI
- Integrated SQL & Python for data aggregation and cleaning.
- Built **Power BI dashboard** with KPIs (Total Sales, Avg. Sales), with slicers by outlet type & item.

CERTIFICATIONS & TRAINING

- **Foundations of R Software (Elite, Score: 91%)** by NPTEL, IIT Kanpur | Jul–Oct 2025
- **The Joy of Computing using Python (Elite Certificate)** by NPTEL, IIT Madras Apr 2025
- **Accenture Data Analytics and Visualization Job Simulation on Forage** Jan 2025
- The Data Analyst Course: **Complete Data Analyst Bootcamp** by 365 Careers on Udemy Sep 2024
- ExcelR Solution: **Data Science Certification** by ExcelR Solution Jan 2024
